PROCEDURE

Questions to consider before requesting photographic services:

- What will be the date, time, and location of the shoot? (Allow enough lead time(at least 2 weeks notice); the photographer may need to visit the site before the shoot)
- What is the purpose of the shoot?
- How will the photos be used? (This information helps determine style, size, approach, etc.)
- Do you need color or black and white?

DELIVERY TIME

- The delivery time of the photographs vary from 1 to 4 weeks depending on the project and it's demands
- After each photoshoot, clients may choose the photos they want edited. The number of photos that can be edited depends on the package bought
- If you require all the unedited photos shot I am open to having a discussion about it 😊

Mangrove Apparel x La Fleur

Collaboration with streetwear company, Mangrove Apparel, to create a select few pieces of merchandise. Follow on Instagram @mangroveapparel for release date and other related info.

let's start working on your photo project!
