PHOTOGRAPHY

FEATURED: “SEEING”

Shot in the comfort of  
my home on the patio

**let's bring your idea to life.**

[lafleurphotograph@gmail.com](mailto:lafleurphotograph@gmail.com)

Tell me about your project! Is this a personal or business shoot? What type of service are you interested in, and do you have a general idea for your shoot already? If not send me an email I'm here to help! \*

## Product Photography

Create professional product photographs for your business through **La Fleur's** photography services. The success of a photoshoot is determined by the quality of the photos created and I always strive to achieve premium quality from my photoshoots.

# PROCEDURE

Questions to consider before requesting photographic services:

- What will be the date, time, and location of the shoot? (Allow enough lead time(at least 2 weeks notice); the photographer may need to visit the site before the shoot)
- What is the purpose of the shoot?
- How will the photos be used? (This information helps determine style, size, approach, etc.)
- Do you need color or black and white?

## DELIVERY TIME

- The delivery time of the photographs vary from 1 to 4 weeks depending on the project and it's demands
- After each photoshoot, clients may pick the photos they like and want me to edit. The number of photos that can be edited depends on the package bought
- I usually do not send all the photographs taken from the photoshoot because not all photographs come out great, a lot of the photos shot would be test shots
- If you require all the photos shot I am open to having a discussion about it

FEATURED: “MANUELA TOMASSO”

Client work for a custom designer
